

To Whom It May Concern:

I would like to recommend Grey Martin-Buhrdorf as a candidate for a position with your organization. In his positions as Delivery Driver and Shift Manager , Grey was employed in our Pizza Hut Restaurant from 2015-2017. Grey did an tremendous job in this position and was an asset to our organization during his tenure with the location. He has excellent written and verbal communication skills, is extremely organized, can work independently, and is able to follow through to ensure that the job gets done.

During his tenure with our outlet, Grey was responsible for supervising the Delivery Drivers and Line Cooks. These employees, under Grey's management, were responsible for keeping the food and deliveries on time five or six days out of the week.

Grey's reliability is what made him a outstanding employee, I cannot name the times when both as a Delivery Driver and as a Manager I called him in last minute to cover a shift without complaint.

Pair that with a consistently upbeat attitude, and I found working with him to a be a pleasure, as after organization and divided up job responsibilities was done, maintaining a high work ethic was the largest problem, which Grey tackled on a daily basis.

I recall that after training the first major correction I gave Grey was to quit working so hard. He was tackling too many of the tasks that occur on a daily basis and not fully relying on the other staff to clean up the kitchen after close. It was getting done, but Grey was exhausting himself doing it.

Grey would add value to any company and I recommend him for any endeavor he chooses to pursue. Please let me know if you have any other questions.

Yours truly,

Andrea Davis

To Whom It May Concern:

I am pleased to write a letter of recommendation for Grey Martin-Burhdorf. I highly recommend Grey Martin-Burhdorf as a candidate for a position with your organization

I have known Grey Martin-Burhdorf for the past 3 months as he has attend the full-time UT Coding Bootcamp. As his instructor, I have had an opportunity to observe his participation and interaction in class and to evaluate Grey's knowledge of the subject matter. He is and outstanding student in all respects. Grey has proven that through hard work, follow though, and team work, he can accomplish tasks in a courteous and timely manner.

The first occasion that I found impressive was one of our many group activities he had formed a group with some of the most advanced students I had in the class. However their collective intelligence quickly became a problem, with each one of them knowing how to finish the assignment but failing to effectively communicate with each other.

It was a problem of too many chiefs in one group, as I said at the time.

I remember Grey inviting his group outside to take a breather for 20 minutes and somehow during that brief period the tenor of their group communication completely changed. Grey maneuvered into a position of mediator and arbitrator and respectfully listened to each person which seemed to remedy their communication problems.

Grey was also part of another group which was one of three to finish their 2 week project. I remember being impressed when I heard that he had worked full stop for the last 36 hours to hit the deadline, despite being sick.

Grey is well equipped to grow from challenges that he is presented with. His patience, communication, and quick learning ability prepare him beautifully for your company. I strongly endorse making Grey a member of your team at your company.
Sincerely,

Jim McCoy
